## IV. Additional Procedures

It is very important that all pets be physically fit and healthy to ensure the safest possible surgical experience. All animals having no history with Blackman Animal Clinic within the last year will be given a complete physical examination prior to surgery at a cost of \$38.

All dogs in the hospital must be current on rabies. It is strongly recommended that they be vaccinated for Distemper/Parvo. We require proof if the dog was vaccinated elsewhere.

**Blackman Animal Clinic will not be held responsible for diseases contracted by unvaccinated animals. Please initial which vaccinations we are to give your dog.**

Rabies(\$25) \_\_\_\_\_ Distemper/Parvo(\$25) \_\_\_\_\_ Bordetella(\$25) \_\_\_\_\_ Lymes(25) \_\_\_\_\_

We strongly recommend dogs be current on their heartworm testing and preventative. Dogs with heartworm infection are under greater risk of anesthesia. This test costs \$34.70

**Please initial if you want your dog tested for heartworms.**

Yes \_\_\_\_\_ No \_\_\_\_\_ My dog is current on heartworm. \_\_\_\_\_

We now offer microchipping. The cost for the chip, implantation and registration is \$68

**Please initial if you would like your pet microchipped. Yes \_\_\_\_\_ No \_\_\_\_\_**

**PAYMENT WILL BE MADE IN FULL BY CASH, CHECK OR CREDIT CARD.**

## Owner Release (You must sign below in order for the procedures to be performed.)

**Blackman Animal Clinic is to use all reasonable precautions to safeguard my pet against injury, escape or death. I understand that anesthesia involves some minimal risk to my pet and that Blackman Animal Clinic will not be held responsible for adverse reactions to anesthesia. I assume all responsibility.**
